

Study in Germany - Engage with the **SDGs**

Would you like to spend a semester at Mainz University of Applied Sciences and contribute to a more sustainable future? Take this opportunity and apply for our SDG-focused exchange scholarship.

- As part of the GOAL project we invite one student from each of our GOAL Partner Universities to join us in the **Summer Semester 2026 (mid-March to mid-July)** or the **Winter Semester 2026/2027 (mid-September to end of January)**
- English language skills at B2 level (CEFR) are recommended

FUNDING DETAILS

- **Mobility Allowance (varies by country)**
One-time payment for travel expenses
- **Subsistence Allowance: €934 per month**
Support for living costs

The scholarship is awarded as a lump sum. Costs for health insurance, visa, accommodation and other personal expenses must be covered from this amount.

APPLY NOW

Check if your faculty has an active exchange agreement with the corresponding faculty of our university and submit the following documents to your home university.

1. **Motivation Letter** (1-2 pages)
Share how you are involved with the Sustainable Development Goals (SDGs) through your academic work or extracurricular activities. Describe how you plan to actively engage with the SDGs during your exchange program, and how this aligns with your personal and academic goals.
2. **Transcript of Records**
3. **Letter of Recommendation**
from a professor at your home university
4. **CV**
