

IYPA

International Young Professionals Academy

Boost Your Career in Germany!

The IYPA is an exclusive program at Mainz University of Applied Sciences that supports international students in acquiring essential skills for successful studies, building a valuable network, exploring opportunities in the German job market, and preparing their career – especially in the Rhine-Main region.

Why Apply

Skills Enhancement:

Continuously develop your German language skills, strengthen your ability to learn independently and use supporting formats for your studies.

Networking Opportunities:

Connect with experts from companies and organizations - from your field of study and beyond.

Learn Together, Grow Together:

Exchange ideas with like-minded students, support each other, and make contacts that go beyond your studies.

Career Advice:

Get valuable tips from professionals with experience - be it regarding opportunities on the German job market, the application process or possible characteristics of the German work culture.
