Germany – Mainz

The Federal Republic of Germany is composed of 16 federal states. It is located in the centre of Europe and has nine neighbouring states. With a population of about 82,500,000 citizens it is the most highly populated country in the European Union, but according to area size it is the third largest country. As a member of the European Union and NATO Germany is an important place for European and international contacts. Its central position means it serves as a bridge between the countries of Western and Eastern Europe, and as well as between those of Northern and Southern Europe.

Mainz, the capital town of Rhineland-Palatinate (www.rlp.de) with 207,000 inhabitants has an impressive historical past, over 2.000 years old. Mainz has played a central role in German history, the cathedral, seat of the bishop of Mainz, dates back to 975. The city's famous son, Johannes Gutenberg, printed the first bible in 1452.

As the centre of the Rhein-Main region, Mainz is well-known for its friendliness and cosmopolitan outlook, which is best demonstrated during the carnival season. Mainz is also an important economic base for industry (such as IBM and the Schott Glass factory) as well as being a significant media centre (ZDF and Südwestrundfunk radio and television channels are all based in Mainz).

The twin towns of Mainz are Dijon, Longchamps (France), Watford (England), Zagreb (Croatia), Valencia (Spain), Haifa (Israel), Erfurt (Thuringia), Rodeneck (Italy), Baku (Azerbaijan) and Louisville (Kentucky, USA).

Studying at the Hochschule Mainz

The Hochschule Mainz, University of Applied Sciences: a system of clearly structured courses combined with practical usage, which can be mastered in a reasonable and defined time period. With the introduction of the bachelor/master structure in the courses of study, the University has ensured the internationality comparability of its diplomas and it is part of the European Higher Education Area.

For us it is only natural to orientate our teaching internationally. We co-operate with about 90 international partner universities in the entire world. Integrated foreign courses, internationally recognised master's courses, support of study periods abroad and exchange programmes for lecturers as well as efforts to intensify the students' language training through foreign language classes all play an important role.

The close contacts, which exist with many enterprises and the practical emphasis in the bachelor thesis, ensure a smooth transfer from student to professional life.

A particular strength of the university teaching staff is that all of them have also had many years professional experience in business or industry. The Mainz University of Applied Sciences puts especial emphasis on closeness to its students. The good rapport between students and university lecturers is promoted by intensive advising, small learning groups, teamwork and many joint projects.

The International Office's main tasks are to promote and intensify co-operation agreements with foreign universities, to assist foreign students and teaching staff at the university, and to give advice and help to students and teaching staff at the Hochschule Mainz who wish to study or work abroad.

The following offers are made for foreign students at the Hochschule Mainz as part of the

Tutorial and Welfare Programmes:

- **Induction Courses (Introduction Week)**
A few days to help foreign students get to know the study procedures at the beginning of the summer and winter semesters, e.g. enrolment, study plan, excursions, guided city tour, introduction to Olat, Intercultural Competence Training, registration with Foreign Office, Excursion to "Haus der Deutschen Geschichte", Riverboat Party, etc.

Students in higher semesters offer specific subject tutorials for foreign students to help them prepare for course work and examinations. They also help explain difficult subject matters, the teaching and learning methods common at the HS and help with any linguistic problems.
- **Excursions**
Our excursion programme aims to deepen and widen academic knowledge by giving the students the opportunity to learn more about Germany's culture, economy and society as well as to intensify international contacts between students.
- **Other Information Sources and Programmes of Events**

- Online-application via the following link, which is accessible until May/Nov 15th.

- Certificate of health insurance (for EU citizen copy of the EHIC)
- Copy of your passport or ID card
- CV in English or German Language
- Portfolio via cloud upload or homepage (dropbox, vimeo etc...)

All exchange students will get an acceptance letter and a learning agreement according to the subject nomination immediately after the deadline.

Application Deadline

15th of June for winter semester (semester 1)

15th of December for summer semester (semester 2)

Course Selection, Subject Nomination and Learning Agreement

As an exchange student you can choose your individual programme from the courses offered by the departments as described in the course catalogue.

Please contact your exchange coordinator to make sure that you comply with any requirements stipulated by your home university, as to which modules you are allowed to take at Hochschule Mainz (course contents, course length, study year etc.).

Financial Requirements

Exchange students coming to study at our University for one semester or one academic year will not have to pay tuition fees. European students normally get an ERASMUS grant from **their home university**.

Other exchange students should have already applied for grants etc. in **their home country**.

Generally speaking, you must try to ensure that your stay in the Federal Republic is on a financially secure footing before you start your studies. Do not assume that you will be able to finance your studies by being able to work in Germany, because you do not have an automatic right to work for more than three months a year (90 days full time or 180 days part time) and you may not be able to find or keep a job.

Non-EU students normally must show that their income is secured. A financial statement is required and could be:

- scholarship, grant...
- a blocked account with min € 853,-/month at your disposal *
- a declaration of commitment

For further information please contact the German Embassy or consulate in your home country or:

<https://www.auswaertiges-amt.de/de/service/visa-und-aufenthalt/visabestimmungen-allgemein>

or

http://www.internationale-studierende.de/en/prepare_your_studies/entry_into_germany/proof_of_financing/

* You can open a blocked account with many banks. The easiest way to do this is via the Internet. Here are some suggestions:

<https://www.fintiba.com/de/>

<https://www.expatrio.com/blocked-account>

Language Skills – Prerequisites

Those exchange students who do not speak German can put together their study programme with courses offered in English or accompanied by tutors. Please make sure that your English language skills are good enough to be able to follow lectures, present your work and write theses and examinations in English.

Moreover, we recommend Bachelor students to have acquired language skills, which correspond to level B2 and Master students level B2-C1 of the Common European Framework of Reference for Languages. We do not require our exchange students to submit any language examinations such as the TOEFL test.

BEFORE COMING TO MAINZ

If you are planning to come and study in Germany, you should start your preparations at least one year in advance, because a successful stay is often only possible if it has been properly planned. You will need to use your own initiative and be persistent. Apply in good time to the contact addresses and persons to ensure you fulfil all admission requirements to be able to study at the HS Mainz.

Insurances

Health Insurance

If you wish to study in Germany you need health insurance. **Without proof of health insurance coverage you cannot be enrolled at Hochschule Mainz.**

With some countries, such as members of the **European Union** and the European Economic Area, Germany has a social security agreement. As long as you have public health insurance at home you can get this insurance coverage approved by a public health insurance company in Germany. But make sure you clarify at home which documents you will need to take with you! For students this is usually a European health insurance card (EHIC).

All other foreign students also need health insurance. We strongly recommend taking out German health insurance (about 90€ per month).

Basically, up until you are 30 years old or until your 14th term of study you must have compulsory health insurance.

Some private health insurances from other countries may also be recognised in Germany. Such an insurance needs to meet the “Schengen” requirements and cover at least 30.000 € for medical treatment. Please note, that only English or German contract copies will be accepted. You should clarify the exact details with your insurance. It is possible that your insurance will not cover all costs in Germany. Before you enter the country make sure you know exactly what services you are entitled to in Germany. If your private health insurance is recognised then for the purpose of your enrolment at university you will need confirmation that you are exempt from taking out public health insurance. But be aware that for the duration of your studies you cannot change to public health insurance!

More information:

<https://www.aok.de/pk/rps/aok-studenten-service/>

http://www.internationale-studierende.de/en/prepare_your_studies/entry_into_germany/health_insurance

Accident Insurance

All registered students at the HS Mainz are covered by **compulsory accident insurance** for any accidents, which may occur at the university or on their way to or from it.

Liability Insurance

You are not covered in the event of being personally responsible for accidents or damage caused. As the responsible party you are then personally liable. To cover such cases, it is recommended that you take out a **third party accident and liability insurance**.

Immigration Regulations/Registration

Foreign Students from EU Countries

Foreign students from EU countries are allowed to **enter** the Federal Republic of Germany without any particular formalities. However, if you plan to **stay** in Germany for more than three months, you must apply for a residence permit at the ‘Bürgeramt der Stadt Mainz’ (public administration office responsible for foreigners). The following items are required:

- A passport or an identity card valid
- Your rental contract
- Application form of registration

You need the residence permit for opening a bank account in Germany or for the German tax card, a document that is necessary in case you try to find a job. In addition to their studies, foreign students are allowed to work for up to 90 days (full time) or 180 days (part time) a year without requiring a work permit.

Foreign Students from Non-EU Countries

Regulations for foreign students studying in the Federal Republic of Germany are subject to the laws for foreigners. Please inform yourself and apply to the German Embassy in your home country about current regulations concerning **entry** and **residence** for the Federal Republic of Germany. To enter the country you will certainly require a valid passport with visa or a residence permit for students. To apply for this we will send you an invitation letter from our university. A tourist or visitors visa is not sufficient. You also must apply for a resident permit at the ‘Bürgeramt der Stadt Mainz’ (foreign office) after your arrival. **A registration certificate is required** for extending your visa and opening a bank account. Registrations will be carried out in the introductory week.

IMPORTANT:

Generally speaking, all Non-EU foreigners *require a visa* for stays in Germany. A visa is not required for visits of up to 90 days in an 180-day period for nationals of those countries for which the European Community has abolished the visa requirement. As your stay is in any case longer than 90 days, your visa will have to be prolonged.

For this we do need to arrange an appointment with the foreign office in Mainz. The prolongation appointment may normally be granted within two month after arrival, but this cannot be guaranteed. This means, once a tourist visa is expired, you cannot leave the country for a weekend trip (e.g to Paris, Rome...). Details, for which countries the visa regulations have been abolished, can be found here:

https://www.auswaertiges-amt.de/en/einreiseundaufenthalt/visabestimmungen-node#content_1

Re-registration/Deregistration

This applies to all international exchange students: If you move house during your stay, you are required to re-register your new home at the local registration office, i.e. you must register your new address. On leaving Germany when you have finished your studies you must deregister yourself at the local registration office.

Cost of Living

Cost of living depends on your personal expenses. The minimum budget for living and studying in Mainz is about 853€ per month. The following expenses have to be taken into account:

Rent:	300 to 400 € per month
GEZ:	17.50 € per month (Broadcasting Contribution Fee is to be paid three months at a time)
Food:	lunch at the student restaurant costs between 3 and 5 €
Copies:	40 € per semester
Books:	depending on the courses (100 to 200 € per semester)
Social semester fee:	about 330 € (Includes the public transport for the whole semester and other student benefits)
Excursions and events:	about 60€ per semester

ACCOMMODATION IN MAINZ

In principle, you may apply to stay at any one of the residential accommodation units. A map showing where the different residences are situated is available on **the next page**. However, as there are not always enough rooms available in sufficient quantity, we advise you to prioritise your requests (e.g. Inter II 1., K3 2., Wallstraße 3, etc.). The Student Services will do its best to meet your requirements, but we hope you realise that it is not always possible for everyone to be allocated their first choice.

Please find the description on page 14-16.

Application Procedure

If you would like to apply for accommodation in a student residence, you have to apply **pro-actively** and **directly** to the Student Services ('Studierendenwerk') in Mainz. Application has to be done online:

<https://www.studierendenwerk-mainz.de/wohnen>

Responsible for Accommodation:

Studierendenwerk Mainz
Wohnraumverwaltung
Staudinger Weg 21
55128 Mainz
Germany

Tel. +49 (0)6131 392 4982

Fax +49 (0)6131 392 4734

E-mail: international@studierendenwerk-mainz.de

SIS Pack

There are no bedclothes, pillows or kitchenware in the rooms of the residential accommodation. You can either bring these things with you or buy a "SIS-Pack" provided by the Student Services. This Service Pack can be compiled individually from different objects for the kitchen or your room. You will get more information via email from the Student Services once your accommodation is booked.

In every residence there is a TOM Housetutor. He/she is responsible for you in your residence. E.g. will you arrive out of office hours of the housekeeper your TOM Housetutor will give you your room keys.

Application Deadline

Please fill in the online application form **by 15th of June at the latest (for the winter semester) or 15th of December (for the summer semester)**.

Applications will be dealt with as they arrive, so the earlier you send your application form in, the more chance you have of getting the room you want.

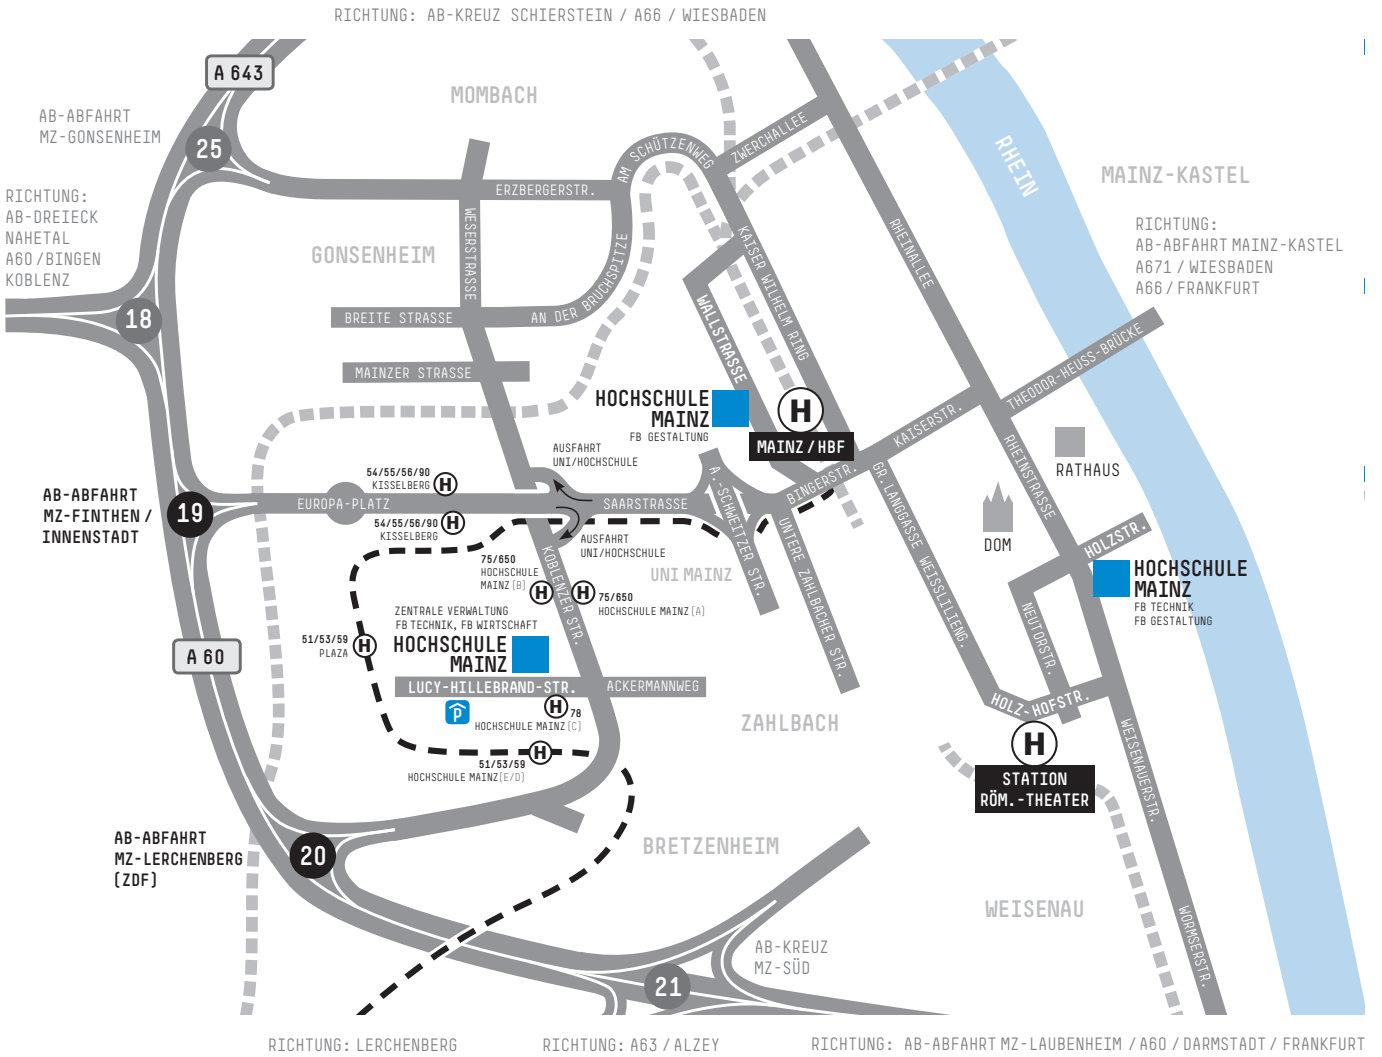

Rental Agreement

You will receive a rental agreement from the Studierendenwerk (Student Service), as a rule per e-mail at the end of July/January. The agreements are concluded for a full semester. In the winter semester the rental agreements cover a period from September to February and in the summer semester from March to August. A so-called holiday rental in February or August is possible; details on this can be obtained from the Student Service.

The rental agreement must be **signed and returned** to the Student Service within the period stated! This is important, otherwise the rental agreement will not come into effect and the room will be rented to someone else. **This rental agreement is binding.**

Please inform the Student Service about any changes of your e-mail address.

Whilst it is the student parliament and the General Meetings which control the AStA's work and decide about changes to student contributions, the main daily business is done by the Student Council (AStA). For example, it offers students advice and support in social and economic matters. Furthermore, the AStA (School of Business) organises tutorials as well as the 'legendary' events for first semester students. Eduroam (education roaming) allows users (researchers, teachers, students, staff) from participating institutions to securely access the Internet from any eduroam-enabled institution. The eduroam principle is based on the fact that the user's authentication is done by the user's home institution, whereas the authorisation decision allowing access to the network resources is done by the visited network.

The International Office also communicates with the exchange students via OLAT during their stay in Mainz. All exchange students will get an introduction to OLAT during the introduction week.

Important Dates During the Semesters

International Office and exchange students will meet once a month. Students will get information concerning examination regulations, Research Methods and excursions. Furthermore once a semester the International Office arranges an international student fair "Studying Abroad" for prospective outgoing students of Hochschule Mainz. We kindly ask you to represent your university and answer questions concerning living and studying at your home university. The fair will be held in May and November.

ECTS Workload/Grading Scale

In order to facilitate the organisation of credit mobility and its recognition, the three parties involved – the student, the sending institution and the receiving institution – should agree on the programme abroad. They should formalise this in a **Learning Agreement**, to be signed by the three parties before the start of the mobility period. The Learning Agreement is intended to give the student the confirmation that the credits he/she successfully achieves during the mobility period will be recognised.

The learning outcomes of the whole programme of study abroad should be compatible with or complementary to the learning outcomes of the home degree programme for which recognition is to be granted after the study period abroad.

The Learning Agreement should identify a set of suitable educational components to be taken at the receiving institution and how they will be integrated into the programme of the sending institution. The student is expected to take educational components of 60 ECTS per full-time academic years / 30 per semester. The receiving institution commits to register the incoming student in the planned educational components, verifying that these components are available for the foreseen mobility period. Once it is signed by all three parties, the Learning Agreement can be modified thereafter, if necessary, by agreement of all three parties concerned.

ECTS represents the total amount of work needed to pass a module. 1 ECTS × 30h. It has no reference to the marks achieved. The mutual calculation of marks should be based on the latest ECTS guide-lines. The German grading scale ranges from „1,0“ = excellent to „4,0“ = sufficient.
